

Beware of GRIFTERS, they are everywhere. They have already usurped the three main institutions of men: Education, Entertainment, and Religion. The government is your religion. The CDC, the WHO, and the FDA along with the UN, CIA, FBI, and local policy officers, will be dismantled

brick by brick or burned to be fertilizer to feed my crop.

Unfortunately people have to work to not believe a lie; they do not work to gain monies, they work to KNOW the TRUTH, those that work to gain monies are slaves to the system. GRIFTERS they are everywhere the LIE is. Do

not forget Satan (the father of the lie) controls the air-ways..... GOD set it up this way to show human they must repent of the LIE.....

You claim you KNOW TRUTH, yet you KNOW LIE....Satan has fucked you over bullshit and you still believe your IDOLS...

Do not forget those Idols
that parroted the safe and
effective jab. Every talking
head, movie actor, singer,
sport star, and political
super star will have to
REPENT of the
LIE.....

JESUS is not about bullshit
HE is real: ABEL is HE....

You will repent. You must
know lie before you know

TRUTH. You think Ohms
and RD: are not for real,
let me ask you? Will you
die, for a LIE? Will you
continue to believe a lie
against GOD and a lie
against our senses....?

#prepare-for-water

RD: and OHMS walk with
the HOLY-SPIRIT, we
believe not one LIE. We
know we are in INIQUITY,

and we have repented of
the LIES, and we stay
diligent to more lies over
the air-ways. Satan has
know-thing on we. It is easy
to repent and be free, be
BORN-AGAIN. JESUS did
it for you. ABEL is HE.

(tempo....<restless - clifford gilberto>....)

(tempo....<what does your soul look like - dj shadow>....)

(tempo....<welcome to the cruel world - ben harper>....)

What say you OHMS

KOOL? "Praise GOD and

thank JESUS, ABEL is
HE"

RD:Reclamation Decipherer
what say you? "Why can not
you see GOD is sifting the
REPENTED from the UN-
REPENTED?"

(tempo...<forgive myself (d kay remix) - Ill skills>...)

It is important we meet up,
we KNOW in KNOW-TIME.
